

# star performance team

grades  
**K&up**

CS Star Performance Team is a non-competitive program at Center Stage for children who LOVE to perform! It's a tap and/or jazz choreography class that will prepare kids to be Center Stage

ambassadors! In

addition to the spring recital, Star Performance Team will be our "go-to" group to perform at special events in the community. This program is the perfect fit for dancers looking for a fun challenge without jumping into the world of competitive dance. Performance Team will provide numerous opportunities to perform without the time or financial commitment of competitions.

Placement is by audition for dancers in kindergarten & up. The directors are looking for a blend of personality, good listeners, a love for dance and potential for development as a dancer. Depending on interest in the program, the group may be divided by age.

## WHAT ARE THE SCHOOL YEAR CLASS COMMITMENTS?

**1** Weekly class in 2 styles of dance, one of which is jazz or ballet. For K-3rd graders, combo classes meet this requirement

**2** STAR TEAM REHEARSAL: 30-45 min weekly rehearsal on a weeknight (Schedule TBA)

\*Clarification: Weekly dance classes are required in addition to Star Team Rehearsals. Dancers in K-3rd grade may take a combo (jazz/tap) class. Additional styles (hip hop, lyrical, ballet) are encouraged but not required since the requirement of 2 styles will be met with combo class. Dancers 4th & up will take either a jazz or ballet class as their primary class plus a second style of dance (ballet, jazz, tap, hip hop, lyrical, etc.)

## WHAT ARE THE SUMMER CLASS COMMITMENTS?

Continued training is essential in the development of a dancer. Time "off" sets a dancer back. Star Performers are strongly encouraged (but not required) to continue their training with weekly classes during the summer session. All Star Performers must take Summer Choreography Camp (Early August) to help prepare them for our early fall performances!
