

GET READY FOR YOUR LIVE CLASSES!

Welcome to CSA Online! We are SO excited to bring your favorite Center Stage classes and lessons directly to your home! Our live-streamed format will allow students to get direct feedback from instructors and interact with their classmates! Now let's get set up!

WHAT YOU'LL NEED TO GET SET UP

Internet Accessible Device

Desktop, Laptop, Tablet, Phone: you could even experiment with getting the class on your tv by casting or using HDMI inputs.

Zoom

Zoom is free! On a computer you will need to run a small file for the first use, on a mobile device you should download the Zoom app.

An Open Mind & A Little Patience

This is a new experience for all involved!

Your Regular Gear

Dance clothes, shoes, instrument, or supplies you normally have. *Tap shoes need special consideration.

Some Space In Your House

Find an area in your house where you can participate in class/ play your instrument or sing and be able to hear your teacher!

Getting Started with Zoom

- If using a mobile device, download Zoom before your first class. From a computer, you'll just click the link emailed to you. The web browser client will download automatically when you start or join your first Zoom meeting.
- Each day you'll receive an email from Center Stage with a direct link to your live classes for the day. A few minutes before your regular class time, just click the link and you're in! Your teacher will join you at class time, so if you're early, just hang tight! You can chat with other friends as they arrive!
- Be sure to **enable your video** by clicking the video icon so there is no slash through it.
- Get familiar with the mute button. This allows you to mute and unmute yourself. Your teacher will mute everyone once class starts.

Zoom links will be emailed each day for your classes. You'll have a different link for each class.

Troubleshooting

Calls get dropped--no big deal! Just rejoin the class with the same link!

Log out of programs that use sound and close media players (itunes, etc.)

If you're having trouble, restart your computer or device.

Still having trouble? Give our office a call (660.747.6133) and we'll do our best to get you hooked up!
