

CS Players Student Expectations

- I. The purpose of CS Players is to provide training and education for students wanting to learn and experience a deeper understanding of Theatre. Students interested in CS Players should show a commitment to theatre and strive to improve their own abilities through hard work and dedication. The goal of CS Players is to provide students with performance opportunities inside and outside of our studio; to motivate, to challenge, and enrich their artistic education.

Students in 6th through 12th grades are eligible to audition.

In addition to CS Players classes, students must be enrolled in their regular theatre class; a music class – either individual voice lesson, or group voice lesson; the CS Players Musical Theatre dance class; two (out of 4) elective theatre classes; and participate in at least one CS theatre performance.

- II. The attitude of a member of CS Players is of the utmost importance. A higher level of drive and effort will be expected of CS Players. Students must be willing to put in extra effort to excel and progress. Focus and concentration during class and rehearsals is mandatory. Distracting behaviors to the teachers and other students will not be tolerated in CS Players.

A positive attitude is a must! Negative comments about oneself or other students will NOT be tolerated. CS Players and their parents are expected to support and encourage each other. Students will experience disappointment in theatre; whether in auditions or rehearsals and it is imperative that all CS Players learn to support each other through this.

- III. Regular and consistent attendance is required in all weekly classes and rehearsals. There will be no tolerance for unexcused or excessive absences. *Five unexcused absences (not cleared with the instructor before the missed class) could result in removal from the program.* As class time will be used for rehearsals as well, individual attendance affects all CS Players. Additional mandatory rehearsals will be called closer to performances. Every effort will be made to accommodate schedules, but please communicate conflicts prior to scheduling of rehearsals.

JTF rehearsals may include a “camp” during Winter break.

- IV. Performing is the best way for students to improve. As a member of CS Players students will be expected to attend the Junior Theatre Festival in Atlanta, GA on January 14-17, 2022. We will prepare a short performance to enter into the Festival, and students will get to take part in theatre workshops presented by Musical Theatre International.

Throughout the year, CS Players will perform for community events and organizations. Participation in these performances is expected.

CS Players are expected to audition and participate in at least one Center Stage theatre performance.

Other performance opportunities and auditions will be shared with the students. Students are encouraged to take advantage of all performance opportunities.
